

WOULD GRANT MEMBERS BIG SALARY INCREASES

MEASURES ARE INTRODUCED IN ILLINOIS LEGISLATURE

Provide for Salary of \$5,000 Per Term, Payment of Railroad Fares and \$1,000 Per Session for Clerk Hire—Republican Senators do Not Put Through New Slate.

Springfield, Ill., March 18.—Measures aiming to increase salaries of members of the legislature from \$2,000 and \$5,000 per term, providing for the payment by the state of the railroad fares of legislators going to and returning from legislative sessions each week at the rate of ten cents per mile and appropriating \$1,000 per session to legislators for clerk hire were introduced in the legislature today. The bill for salary increases was introduced by Representative John R. Moore.

Attempt to Kill Burns Bill.

Representative Fiedstock of Chicago and Senator Boehm of Chicago introduced the bills for payment of railroad fares and clerk hire. Representative J. J. Pierson of Wilmette, already had introduced a similar measure, which, however, provided for only \$500 a session. Attempts were made in the lower house today to kill the old Burns bill providing for the primary instead of the old party convention method of nominating judges elected at June elections and the Igou bill creating six new circuit court judgeships in Cook county. The Igou measure pulled through, however, and was advanced to third reading.

Friends of the Burns bill insist that measure was killed when it was referred back to the elections committee after it had been advanced to third reading.

Republican senators did not put through a new slate of senate employees today as had been expected. Practically all of today's session was devoted to the introduction of bills. The first bills to be passed by both houses of the present assembly were made effective today when they were signed by Lieut. Governor O'Hara, who acted as governor in absence from the state of Governor Dunne. The measures were senate bills which appropriated \$75,000 to pay the salaries of employees of the general assembly and five which appropriated \$15,000 to the secretary of state for the care of the state house and grounds.

Report Out County Option Bill.

The house temperance committee reported out the anti-saloon league's bill providing for county option. A bill offered by Representative Lyle, Republican of Chicago, would place all present employees of the legislature under civil service.

Acting for Senator Glackin of Chicago, who is ill, Senator Boehm issued in the senate a bill giving Chicago home rule in the handling of public utilities. A similar measure already had been offered in the house by Representative Frankhauser, Republican of Chicago.

Senator Olson, Republican, offered the railroads' two and one-half cent fare bill in the senate. A similar bill was introduced in the house recently by Representative O'Rourke, Democrat of Harvey.

CONVICTIONS OF CAMMINETTI AND DIGGS ARE AFFIRMED BY COURT

Opinion is Delivered by Presiding Judge Gilbert of U. S. Court of Appeals—Were Convicted on Mann White Slave Charge.

San Francisco, March 18.—The convictions of F. Drew Camminetti, son of Anthony Camminetti, United States commissioner general of immigration, and Maurice I. Diggs, former state architect, under the Mann white slave act were affirmed today by the United States circuit court of appeals.

The opinion was delivered by Presiding Judge Gilbert and was concurred in by Judge Wolverton, Judge E. M. Ross dissented.

Diggs and Camminetti were tried and convicted before District Judge William C. Van Fleet in 1913 for the transportation of Lola Norris and Marsha Warrington from Sacramento, Calif., to Reno, Nev., for immoral purposes.

Diggs was sentenced to imprisonment on McNeil Island for two years and fined \$2,000. Camminetti was sentenced to eighteen months imprisonment and fine of \$1,000.

The case was taken to the higher court on a writ of error.

The opinion handed down today holds that the prosecution had a right to comment upon the fact that Diggs was silent upon the movements of the four principals after they left Sacramento and that it was proper for the jury to consider this silence as an indication of guilt or innocence. Judge Ross' dissenting opinion expresses the opposite view.

REPORT SHOWS DEPRESSION

New York, March 18.—The annual report of the United States steel corporation for 1914 issued today offers proof of the depression in the steel industry during that year. Earnings of \$81,746,518 show a decrease of \$65,421,000 compared with 1913 while the net income of \$46,520,408 is a decrease of \$58,800,284.

ARGUE BILL PROVIDING EIGHT HOUR WORK DAY FOR WOMEN

House Committee Holds Hearing on Measure—Considerable Feeling is Shown on Both Sides of Question.

Springfield, Ill., March 18.—Representatives of employers' organizations, the state federation of labor and various labor unions today appeared before the committee on industrial affairs of the lower house of the legislature to urge or oppose the passage of Representative McCormick's bill providing for an eight hour work day for women. Under the existing law the work day for women is limited to ten hours. The hearing was the first held by any committee of either house at this session of the legislature. Further arguments on the McCormick bill will be heard next Wednesday night.

Considerable Feeling Shown.

Representatives of the employers' organization of the state poured volleys of questions at the representatives of labor that appeared in advocacy of the measure. Considerable feeling was shown on both sides of the question although the debate did not reach the heated stage of two years ago when almost the same measure was under consideration.

Agnes Nestor of Chicago, president of the Woman's Trades Union League; Elizabeth Maloney, member of the Waitresses' Union of Chicago; Mary Anderson, a shoe worker; Oscar S. Nelson, state factory inspector and John H. Walker, representing the state federation of labor, and numerous other bodies of organized labor spoke in support of the bill. Just before adjournment, Franklin Kilduff of LaSalle, representing the Illinois retail drygoods association, spoke briefly in opposition to it.

Attorney Questions Speakers.

Dudley Taylor of Chicago, attorney for the employers' association of Illinois and John M. Glenn, secretary of the Illinois Manufacturers' association, were present in the interests of the organizations they represent and both questioned the speakers.

Miss Nestor told of the strain under which trades are operated declaring eight hours work now being much more trying than ten hours work in the same trade a few years ago.

NAME COMMITTEE TO CO-OPERATE WITH NEW TRADE COMMISSION

Directors of Chamber of Commerce of United States Takes Action—Elect Two Vice-Presidents and a Director.

Washington, March 18.—Appointment of a trade committee to promote co-operation between business and the new federal trade commission was announced here tonight by the directors of the Chamber of Commerce of the United States. The personnel of the committee follows: Harry A. Wheeler, chairman, Chicago; Alfred B. Coch, merchant, Toledo, O.; Aush C. Butler, lawyer, Chicago; W. L. Saunders, manufacturer, New York; Guy E. Tripp, manufacturer, New York; Harry R. Seager, professor of political economy, Columbia University; Alexander W. Smith, lawyer, Atlanta, Ga.; Joseph P. Cotton, lawyer, New York; W. C. White, mining expert, university of West Virginia.

"We realize what a tremendous task there is before the federal trade commission," said President Fahey of the chamber tonight, "and the members of the National Chamber wish to do everything in their power to assist the commission. As soon as the latter is fully organized and in running order our committee will have a conference with it to see how the business men of the country can best serve."

The board of directors, which concluded its sessions tonight, elected Samuel McRoberts a New York banker and Joseph DeFreese a Chicago lawyer, vice-presidents of the chamber and William Butterworth, a Moline, Ill., business man, a director.

ARTICLES MIGHT BE USED IN SUBMARINES.

Seattle, Wash., March 18.—Consul Mueller declared today that the bills of lading alleged to have been stolen by Murdoch from the Seattle Construction & Drydock company showed the shipment of many cases of engines and parts, anchors, chains, supports, connecting rods and many other articles, including mattresses, which might well be used in the equipment of submarines and that he would so report to Ambassador Von Bernstorff.

TO CONFER WITH BANKERS.

New York, March 18.—Rudolph Spreckels of San Francisco arrived in this city today to confer with prominent banking interests regarding the plan to have the state of California purchase and operate the Western Pacific railroad which recently went into the hands of receivers. Mr. Spreckels is said to have submitted the proposed terms of purchase to New York financiers.

GIVES \$25,000 TO RED CROSS.

New York, March 18.—The Rockefeller Foundation announced today that it has made a contribution of \$25,000 to the American red cross toward the cost of sending a special sanitary commission to Serbia to aid the Serbian government in controlling epidemics of typhus and typhoid fever and possibly of cholera.

PROTESTS AGAINST TAX LEVIED AT MONTEREY

AMERICAN GOVERNMENT SENDS BRIEF STATEMENT TO VILLA

Matter is Brought to Attention of State Department by British Embassy—Living Conditions in Mexico City are Improved—Fighting Begins Near Tampico.

Washington, March 18.—A protest was sent by the United States today to General Villa against the collection from Americans or other foreigners of part of a special tax of a million pesos levied at Monterey.

British Embassy Gets Report.

The British embassy had brought to the attention of the state department a report just received from Monterey saying that the British owned light and power company there had been called upon to pay \$25,000 as its share of the new tax. Just how the general assessment was to be apportioned, the state department was not informed but the understanding was that General Villa had laid an omnibus tax on the city, leaving it to the authorities there to raise the money in whatever way they saw fit.

The order was dated March 16th. It was said and fifteen days was the time given in which to raise the money. The brief statement by the department in regard to the matter "The department has been informed in advice emanating from Monterey that General Villa has demanded a contribution of one million pesos on certain persons including foreigners. No details have yet been received."

Living Conditions Improved.

Other advice to the department today said living conditions in Mexico City were improved; that rail communications to El Paso probably would be opened in four or five days and that fighting between Carranza and Villa forces has begun near Tampico. Villa forces under command of General Cho were said to be at Ebano attacking the Carranzists who were strongly fortified and bringing up reinforcements from Tampico. Ebano which lies only a short distance to the west of Tampico is an oil industry center. Reports from Piedras Negras said Raoni-Madera had arrived at Salinas, with 6,000 Villa reinforcements which would garrison Piedras Negras and the surrounding country. One hundred Villa soldiers are assisting the local police at Piedras Negras to maintain order and the city is reported quiet.

FOURTEEN UNIVERSITY OF UTAH PROFESSORS RESIGN

Action Results From Attitude of Board of Regents Toward Recent Dismissal of Four Professors and Demotion of Head of English Department.

Salt Lake City, Utah, March 18.—Fourteen state university professors resigned today as a result of the attitude expressed by the board of regents in a public statement regarding the recent dismissal of four professors and demotion of the head of the English department.

Several of the men named have been with the university many years and all are well known educators. Their action is a direct result of the attitude of the regents in upholding President J. T. Kingsbury's dismissal of four professors and demotion of the head of the English department recently and in declining to make an investigation of the facts in connection with the president's action. The fact that all the five men affected are non-Mormons led to a discussion as to whether religious or political considerations entered into the situation. It was denied by some of the regents at the time that any such reasons were involved and his denial was repeated in detail in a long statement made public by the regents today. The statement was authorized at a meeting of twelve of the fourteen regents, four of whom voted against the adoption of the statement, which had been prepared in advance of the meeting.

ALGERIAN DANCER AT PANAMA EXPOSITION IS SHOT BY BROTHER

Theatre in Which Shooting Occurs is Crowded—Dancer Hitches Forward with Bullet Through Heart. San Francisco, March 18.—An Algerian dancer, known as the "Princess Turkait," a member of a ballet in a Russian amusement concession at the Panama-Pacific Exposition was shot and instantly killed tonight by her brother, Isaac Lizraki. Lizraki then began firing indiscriminately at the entertainers on the stage and into the audience, causing a panic.

The "Zone" Theatre in which the shooting occurred was crowded when Lizraki rushed in, brandishing a pistol. He began firing at once and his sister pitched forward with a bullet through the heart.

One of the male entertainers on the stage was shot in the arm.

The spectators made a rush for the doors. None of them were injured.

Lizraki had fired a half dozen shots before a group of soldiers from Presidio Military Reservation seized and disarmed him.

He was arrested and taken to the police station. No reason for the shooting was learned.

DEATH CALLS ETHEL TAYLOR AT EARLY HOUR THIS MORNING

Miss Ethel Taylor, daughter of David and Elizabeth Taylor, died after a long illness this morning (Friday) at 12:20 o'clock at the family home north of the city. She suffered greatly but bore up with Christian fortitude even until the last. She was born Feb. 11, 1891, five miles southwest of Jacksonville and early in life united with the Youngblood Baptist church at Nortonville, an organization of which she was long a faithful member. Besides her parents, there are surviving one brother, Clarence at home and a sister, Mrs. Laura Edwards of Nortonville.

The funeral will be held Sunday from the Youngblood Baptist church at Nortonville.

War News Summarized

While there is a lull in the western war zone heavy fighting is going on in Russian Poland and eastern Galicia. The Russian official despatches report the capture of several villages and heights to the northwest of Przasnysz, in territory where some of the fiercest fighting of the war has occurred. Also, near the border town of Tauregen and in east Prussia close to Mened, battles are being fought which indicate the intention of the Russians of again forcing their way if possible into the country of the Germans.

Although the opposing forces in the Carpathians and east Galicia are struggling to their utmost in the deep snow and under the most trying conditions, no change worthy of note has taken place in the situation. Austria is reported to be continuing work on the fortifications all along the Italian frontier and the garrisons have been reinforced by artillery and infantry.

A large quantity of shells bound from Germany for Turkey has been held up by the Roumania government, according to a despatch from the Balkan agency.

Switzerland advises say that the Germans are building two strategic railroads on the Alsace-Lorraine frontier in order to strengthen the Strasbourg system of fortifications.

A Zeppelin attacked Calais, dropping bombs with the object of destroying the railway station. This met with no success but seven persons were killed.

Another British steamer, the Glenartney, from Bangkok for London loaded with rice, has been torpedoed by a German submarine off Beachy Head in the English channel. Only one of the crew was drowned.

The entire Sudan, including Kordofan and also parts of Nubia, are held by the Dervishes, according to the story told by a German merchant who has returned to Berlin from Egypt. The British General Hawley and almost 2,000 of his men are said to have been killed near Fashoda in December.

CHARGE ATTEMPTS TO INFLUENCE TESTIMONY OF WITNESSES

Allegations Bring Warning From Judge Anderson in Terre Haute Election Fraud Case.

Indianapolis, Ind., March 18.—Two attempts, one by Mayor Dona Rogers and the other by Alexander Azeel, alias Steel, to influence the testimony of witnesses were alleged on the witness stand at today's session of the Terre Haute election fraud case and brought a warning from Judge Anderson.

"Twice today," said the court, after the jury had retired, "attempts to bribe or influence witnesses in this case have been described. It is no light thing to attempt to influence or corrupt a witness. I want to warn all."

Judge Anderson suggested to United States district attorney Frank C. Dailey that he investigate the case of Steel, who is one of the 28 on trial and that the man's bond be increased or he be proceeded against on another charge.

CONSIDERS QUESTIONS WERE NOT ANSWERED

REPLIES FROM ALLIES DO NOT STATE LEGAL BASIS OF DETENTIONS

United States Government Does Not Know Whether Action is Intended as a Legal Blockade or Whether Ordinary Rules of Contraband and Non-Contraband are to Apply.

Washington, March 18.—The United States government considers that Great Britain and France in the British order in council and the accompanying notes, have not answered the questions propounded to them as to what warrant there is under international law for the establishment of an embargo on all commercial intercourse, directly or indirectly between Germany and neutral countries. It was stated officially at the state department today that this government does not know whether the action of the allies is intended as a legal blockade or whether the ordinary rules of contraband and non-contraband are to be the legal basis for future detentions. On a determination of this question probably will depend not only the nature of any steps which may be taken by the United States at this time, but also the basis for the many claims for damages arising out of interruptions to American commerce under the new policy of the allies.

Position of United States.

In preparing the protest to be sent to Great Britain and France the position of the United States government is substantially as follows:

1. If the action of the allies is a blockade all commerce directly with Germany can be halted by making the blockade effective a certain "radius of activity" being allowed for the blockading warships off the German coast because of the newly developed activities of submarines. But there can be no legal blockade of the coast of neutral countries of Europe contiguous to those at war under any circumstances and commerce between the United States and neutrals, especially in non-contraband should be free from interruption irrespective of ultimate destination.

2. If the action is not a blockade then there exists no legal right to detain cotton or other non-contraband cargoes even when consigned directly to German ports. Nor can foodstuffs or conditional contraband be justly interrupted unless proved, though though consigned to Germany, to be destined for the use of its belligerent forces and not its civilian population. Under the same circumstances too, there is no legal basis for detaining cargoes consigned from the United States to the neutral countries of Europe if containing cotton or non-contraband goods irrespective of ultimate destination. Similarly the allies cannot under the previously accepted principles of international law, interrupt shipments of foodstuffs and other conditional contraband en route between the United States and neutral countries unless clearly proved to be going eventually to the belligerent forces of Germany and not its civilian population.

Neutrals May Declare Embargoes.

3. Neutral countries of Europe may declare embargoes on re-exportation of contraband or non-contraband thus preventing supplies from reaching Germany. With this sovereign right, the United States does not take issue, but it will insist on its right to ship to neutral countries placing the burden of stopping further progress on the latter nations thence.

In considering the above propositions officials realize that Great Britain and her allies have set up the claim that their actions constitute retaliatory measures against Germany but this in the view of the American government does not affect the status of international law as between the United States and the belligerents.

PROTEST CONSUL IS ARRESTED IN VIOLATION OF A TREATY

State and Justice Departments Act to Ascertain Circumstances or Arrest of German Consul at Seattle.

Washington, March 18.—On receiving a protest from the German embassy the departments of state and justice today took prompt action, to ascertain the circumstances incident to the service of warrants on the German consul and his assistant at Seattle, Wn.

At the request of the state department the bureau of investigation telegraphed its Seattle agent to look into the case and make a complete report of the facts to Washington at once.

The German embassy protested to the state department that Mueller, the consul and Schulz his assistant were arrested in violation of a treaty between Germany and the United States.

Washington, March 18.—On receiving a protest from the German embassy the departments of state and justice today took prompt action, to ascertain the circumstances incident to the service of warrants on the German consul and his assistant at Seattle, Wn.

FAIL TO DISPLACE ST. LOUISIANS.

Peoria, Ill., March 18.—All efforts of highly rated teams in the bowling world failed today to displace the Bobb Plimers of St. Louis who with a score of 2,835, lead in the five-man event at the tournament of the American Bowling Congress. The Maxines of Detroit are their nearest rivals for honors, 26 points behind.

WILL GIVE OUT NO INFORMATION REGARDING GERMAN CRUISER

Government Officials Make It Clear They Intend to Overlook no Point in Preserving Strictest Neutrality in Case of Prinz Eitel.

Washington, March 18.—No information will be made public by the United States government which might in any way aid British and French cruisers waiting off the Virginia capes to catch the German converted Cruiser Prinz Eitel Friedrich in the event her commander should decide to make a dash for the high seas from Newport News.

State and navy department officials make it clear today that they intend to overlook no point in preserving the strictest neutrality in the treatment of the refugee ship. Secretary Daniels said he had received a partial report from the American naval officers who inspected the Eitel with a view to ascertaining the extent of repairs necessary to make her seaworthy and expected to receive a final report in the course of a day or two. He announced in advance, however, that he would not make public the conclusion of the board either as to the amount of repairs necessary or the length of time they would consume.

Counselor Lansing at the state department, which must serve notice upon the German commander of the extent of his privileges, also declared positively that the state department would make public no information whatever from this time on regarding the Eitel Friedrich.

JURY FINDS MADDEN AND COOK GUILTY OF CONSPIRACY CHARGE

Add "Strong Recommendation for Mercy"—Stegler Will be Called for Trial Today.

New York, March 18.—Richard Madden and Gustave Cook of Hoboken, N. J., were found guilty today of conspiracy against the United States in aiding Richard P. Stegler, a German naval reservist, to procure a false American passport. The jurors who considered the case and who were selected for their neutral opinions on the European war, deliberated for six hours before they reached a verdict. They added to it "a strong recommendation for mercy."

The pair will be sentenced late tomorrow afternoon and immediately afterward Stegler, who became a state's witness and testified against the two men, will be called for trial. His counsel announced today that Stegler would plead guilty and throw himself upon the mercy of the court. It is expected that in asking a light sentence for Stegler his counsel will refer to international aspects of the case not brought out in the trial but given publicity at the time Stegler was arrested. The penalty for the offense is a maximum of two years in prison, \$10,000 fine or both. Cook was accused of introducing Stegler to Madden and Madden of furnishing Stegler with his birth certificate to enable him to procure the passport in Madden's name.

JUSTICE BIJUR SIGNS SECOND HABEAS CORPUS WRIT FOR THAW

Attorney Plans to Serve Document Today—To Take Appeal if Writ is Dismissed.

New York, March 18.—A second writ of habeas corpus, through which counsel for Harry K. Thaw, expect to bring the question of his return to Matteawan before the appellate division of the supreme court, was signed tonight by Justice Bijur of the supreme court on the application of John B. Stanchfield, one of Thaw's attorneys. The hearing on the previous writ which was to have been held tomorrow morning will be continued one week, it was announced following a conference of counsel representing all sides this afternoon. Mr. Stanchfield plans to serve the writ on Sheriff Griffenhagen in whose custody Thaw now is at 9:30 tomorrow morning. An hour later the writ will be returnable before Justice Bijur and it is expected that he will refer it to Justice Page, who on Monday ordered Thaw's return to Matteawan on the original commitment of Justice Dowling. Should Justice Page dismiss the writ Thaw's attorneys plan to take an appeal and go direct to the appellate division with a request for a speedy determination of the issue.

The previous writ signed by Justice Bijur several days ago specifically stated that counsel wished to direct the attention of the court to the matter of Thaw's sanity. It is explained that Mr. Stanchfield decided to hold this writ in abeyance and make the basis of his second writ the question of the right of the state to take Thaw back to Matteawan.

JUSTICE COURTS.

Robert Fortado was arrested here Thursday on a warrant sworn out by Maude Graham, of Mercedosa, charging him with larceny. The warrant was served by Deputy Sheriff George Stice, and Fortado appeared in Squire Dyer's court where he gave bond for his later appearance. It is alleged that Fortado is a friend of Miss Graham, and that some time ago when he was at her home she gave him her mother's watch to take to a jewelry shop for repairs. It is said that instead of delivering the watch as requested, that he appropriated it to his own uses.

EXPECT NEXT IMPORTANT BATTLE ALONG THE YSER

ARTILLERY DUEL COMMENCES BETWEEN GERMANS AND BELGIANS

Berlin Claims Further Attempts of French to Advance in Champagne Have Been Repulsed—Turks Repair Forts During Lull in Bombardment of Dardanelles.

London, March 18.—(10:20 p. m.)—The next important battle on the western front, it is believed, will take place along the river Yser held on one side by the recently re-organized Belgian army and on the other by the Germans.

As the floods have subsided the Belgians, supported by the warships of the allies, have already pushed their line slightly forward and this is almost certain to lead to counter attacks by the Germans and a general engagement, as has been the case when similar movements were initiated elsewhere along the front. An artillery duel in the way of preparation has commenced.

Fighting in the Argonne Slackens.

There may be a slight delay while the Germans are awaiting for reinforcements from Germany. They have been using most of their reserves to counter attack the British troops at St. Eloi and Neuve Chapelle and the French north of Arras, but that a big clash will soon come nobody doubts. The contest for the spur of Notre Dame de Lorete is still in progress and, according to Berlin, further attempts of the French to advance in Champagne where they captured an important ridge north of Lenclos have been repulsed. The fighting in the Argonne forest and Vosges has slackened somewhat on account of wintery weather conditions. There is little news from the eastern front and beyond the fact that the Russians have again crossed the East Prussian frontier in the far northeast near Tilsit and that they are continuing their offensive against the Austrians in Bukovina there is no change in the situation.

There is a temporary lull in the bombardment of the Dardanelles and Smyrna, according to an Athens despatch, which gives no reason for this but it was thought to be due to unfavorable weather conditions.

Turks Repair Forts.

The Turks are taking advantage of this to repair as far as possible the damage done to the forts and batteries and they express confidence, which is shared by the German field marshal, Baron Von Der Goltz, that the straits are impregnable. The belief is held here however, that as soon as the ships receive fresh supplies of ammunition they will resume the attack with even greater force.

The conference between the government and labor leaders to arrange for the acceleration of the output of war munitions was continued in London today and adjourned until tomorrow to complete the agreement which has been reached. The laborites are desirous of making certain that the arrangements entered into now will not prejudicially affect the workers after the war is concluded.

ASSERTS RAILROADS HAVE BEEN DRIVEN TO THE LAST DITCH

James J. Hill Appears Before Committees of Minnesota House and Senate at Hearing on Bill to Increase Passenger Fares.

St. Paul, March 18.—Railroads of this country have been driven "to the last ditch and are no longer able to compete with each other or any one else," James J. Hill told the railroad committees of the Minnesota house and senate late today at a joint hearing on the bill before the legislature to increase the railroad passenger rates in this state from two cents per mile to two and one-half cents.

W. A. Gardner of Chicago, president of the Chicago & Northwestern railroad, and Edmund Pennington of Minneapolis, president of the Minneapolis, St. Paul & Sault Ste. Marie, also appeared before the committees voting statistics to substantiate Mr. Hill's contention that a speedy exhaustion of the railroad properties of the country, unless passenger rates are increased, is but a logical step. Even more stringent conditions will follow the conclusion of the present European war, Mr. Hill predicted.

GIRLS! GIRLS! TRY IT. BEAUTIFY YOUR HAIR

Make It Thick, Glossy, Wavy, Luxuriant and Remove All Dandruff.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Dandarine" hair cleanse. Just try this—moisten a cloth with a little Dandarine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Dandarine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair. But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25 cent bottle of Knowlton's Dandarine from any druggist or toilet counter, and just try it.—Advertisement.

The first robin and the blue bird have been sighted, boys are busy playing marbles, and in the "wet" towns Bock beer signs are being displayed. Now all that's necessary for glorious spring is the weather.

The busy Jacksonville housewife is now or soon will be engaged in cleaning and rejuvenating the premises. This makes work for the painter, paper hanger, and odd job artist. Incidentally the old man and the boys take their meals at lunch counters and spend their evenings at the movies.

The candidates show a keen desire to get acquainted with the people, and if the people will show as keen a desire to get acquainted with, and know the candidates, and exercise that desire, it will be well. However, it is seldom that a better set of candidates has ever been presented to the people of Jacksonville. This is truly gratifying.

News that Billy Sunday's personal collection in Philadelphia may run as high as \$100,000 is likely to start a great deal of criticism. The offering is a free will one, made out of gratitude. Sunday has completed a most successful revival in the Quaker City and has done great good. The mere fact that the offering is a lot of money should not cause us to impute bad motives or cupidity to the one who received it.

The shutting off of drug habit habit curers by mail in the enforcement of the new federal law is one of the best features of the act. Most of these "drug cures" are not only fakes in the sense that they are not cures at all, but they are worse, since they contain the very drugs the habitues have been using, and enable them to continue the habit by taking the cure.

The chief of the St. Louis detective force is responsible for this chunk of wisdom: "I am frequently asked what is the type of man who goes wrong. The answer is that there is no particular type. There is a clear type of man who never is in trouble, however. This is the man who lives within his means, who saves a part of his earnings each day and week and year. It does not matter much just so he lives within his income and saves."

World peace, international arbitration, and militarism are accounted the questions of greatest importance before the United States at the present time. While it did not require a vote to determine this, yet such a vote was taken by the National Economic League and 51 per cent of the members decided the matter in this manner. Forty nine per cent of the voters believe the establishment and maintenance of an American merchant marine to be the question of greatest importance now before the people.

DWELLING IN UNITY.

The sessions of the Democratic central committee should be open to the public. At any rate all Republicans should be admitted if future meetings are to be as highly entertaining as one recently held. It is understood that a call signed by twenty-one members of the committee has been issued for a special meeting to be held Saturday. The announced purpose of the meeting relates to the chairman of the committee and to credentials for the Democratic judicial convention which is soon to meet in Springfield. The recent trouble all began about this matter of judicial delegates.

NO ENDORSEMENTS

Members of the civic league have decided that no endorsement of men or measures may be made on behalf of the league unless 75 per cent of the members vote favorably thereon. This is equivalent to a statement that the league does not favor endorsements of any kind for who can imagine three fourths of the members of any large organization agreeing peacefully on a list of candidates of varying personal worth and appeal?

THE SPRINGFIELD LINEUP.

The near approach of the city election in Springfield is adding daily to political interest in the capital city. Before the primary there were various combinations, which, while not openly endorsed, had the known support of certain influences. In the campaign now for election of 5 out of 10 nominees there are said to be at least three combinations and possibly four.

A good deal of politics has been injected into the contest, and in one alignment there are three Republicans and in another three Democrats. Both candidates for mayor are Democrats, so that in the strife for political control it is said that the effort is being centered on commissionerships. Aside from the

politics, the generator light is of only secondary importance and before the election is held it may forge into first place. Springfield people understand that the purchase or non-purchase of a generator has its importance from the fact that purchase means the consolidation of the water and light plants of the city and the probable development of these departments to such an extent that the municipal plant may become a competitor of the Springfield utility company. The utility company and their friends, therefore may be expected to bend every energy toward the election of candidates who will be satisfied to let present equipment stand.

JUDGE SANDERS RANKS HIGH AS CITIZEN OF OHIO

Sketch of Life of Former Well Known Jacksonville Resident Given in Book Just Issued.

The Cleveland News and The Cleveland Leader have sent the Journal a fine publication entitled "Men of Ohio" and containing excellent portraits and brief biographies of well known men of the great Buckeye state.

Among them comes prominently Judge William B. Sanders, a native of this city and son of the late Prof. W. D. Sanders for many years in Illinois college, proprietor of the Athenaeum and founder of the Illinois Conservatory of Music.

Of Judge Sanders the book says, "Hon. William Brownell Sanders, banker, attorney, Cleveland, was born in Cleveland, Ohio, Sept. 21, 1854, son of William D. and Cornelia (Smith) Sanders. His father was a clergyman and a professor in Illinois college. William B. Sanders received his early education at Illinois college and later attended the Albany law school. Was partner for seventeen years of Hon. Stevenson Burke and for many years a member of the firm of Burke, Ingersoll & Sanders. Has for many years been member of the firm of Sanders & Dempsey of Cleveland."

"He was appointed judge of the court of common pleas and was subsequently elected to fill that office, resigning in 1890. Mr. Sanders is trustee for the Society for Savings; director of the Guardian Savings & Trust Co.; director of the Cleveland Commercial bank; director of the National Commercial bank; director of the Cleveland Stone company; director of the Kelly Island Lime & Transport Co.; and of many other notable corporations. Trustee of the John Huntington Art & Charitable Trust and of the Cleveland Museum of Art; member of the University, Union, Tavern, Roadside Country and Euclid clubs of Cleveland, and University and Lawyers' club of New York City.

He was married to Miss Annie Otis, daughter of Charles A. Otis, of Cleveland in 1884 and has one daughter, Mary E. Sanders.

LOOK WITH HOPE INTO FUTURE OF LIVESTOCK

Let not Foot and Mouth Scourge Deter You From Continuing as a Producer—That's Merely a Temporary Hindrance to the Industry. In the past five months foot and mouth disease has thrown scare into the live stock industry and during the next six months or more this country is going to feel the effects of that scare.

There will be a shortage of fat cattle and hogs, occasioned by reason of federal and state quarantines, which were clamped down upon infected areas by the officials as a means of checking disease spread.

Investment in fat cattle has been seriously hampered, but that makes the outlook clearer to the man who now owns thin stock or who is in a position to buy it.

Illinois, Indiana and Ohio particularly have been short of feeders this winter.

Spring is opening up now and with it is coming a clarified situation as affects the live stock industry. Nearly every state has made remarkable progress in eradicating disease, and foot and mouth plague, unlike hog cholera, is not here to stay.

The federal government and the individual states are willing to spend millions of dollars to rid this country of foot and mouth plague, and there are in the employ of the federal and state inspection forces men highly competent to carry the work to a successful finish.

There is need for confidence in the future of live stock. The feeder must not look upon the next six or nine months as a good period to remain idle. He must keep at it.

The western markets are sending out generous supplies of feeder stock into free areas and the middle western states promise soon to be able to ship feeder cattle interstate. The federal bureau of animal industry has already lifted its restrictions regulating restocking in many quarters, and as the disease situation clears there will be still further modification of quarantine regulations.

Shortage of cattle in the making now cannot help but create high prices. Hogs, as well, are not going to be cheap in the months ahead. Sheep and lambs are scarce now and certain to be for months.

True, the feedstuff is high, but the man who has sold high priced corn via the "meat route" in recent years has been a winner, and his land has also profited in fertility.

I pay to have confidence in the live stock situation. This past winter was the first period of heavy losses to feeders in a series of years, and it was occasioned by unforeseen circumstances which may not hit this country again in many years.

It is not a time for pessimism. Look about you and get hold of some thin cattle to feed this summer. (Chicago) Drovers' Journal.

LAXATIVE FOR OLD PEOPLE—"CASCARETS"

Salts, Calomel, Pills, Act on Nostrils. Like Pepper Acts in Nostrils.

Get a 10-cent box now. Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles.

So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.

Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets, and they cost only 10 cents per box at any drug store. They work while you sleep.—Advertisement.

DESECRATE SOUTHERN CHURCH

One of the worst cases of desecration of a church that has occurred in this section of the country in years, is reported from Sims, at the edge of the Jefferson county line, on the Southern railroad where a dead horse was placed in the pulpit of the Union Baptist church. The animal had been skinned and was a horrible looking object. The church door was forced open during the night and the animal was dragged down the aisles and into the pulpit. Its head was placed on the Bible, covering the book with blood. The carcass of another horse, badly decomposed, was cut up and placed in a sack and hid in the church building. The odor from the building led to the discovery of the horrible deed that had been committed, before the date when services were to be held. The horse was dragged from the pulpit and the malodorous sack of decayed horsemeat was also removed. The church Bible had been saturated with blood and otherwise damaged. It was necessary to bury the book. Indignant citizens of the village have raised a subscription and offer \$500 reward for the arrest and conviction of the guilty parties.—Montgomery News.

RAIN NEEDED.

A slight drizzling rain set in yesterday afternoon and continued for some time and while not at all satisfactory it was a welcome fall for the wheat. The crop was beginning to look bad when the slight snow fell a few days since and proved a great blessing and now we need copious rains to put the ground in condition for spring crops and work.

HORSE FEEDERS

WOOD'S IMPROVED
GRAIN SOFTENER
Pat. Jan. 8th, 1915.

We find after several tests on feeding horses, softened grain with all its strength retained in it, is the best feed for a horse that can be fed. It keeps them in a healthier condition, and they will drive better, do more work, look better, beside we save one-third the feed. I will furnish one plant in each town, one on 30 days free trial to prove my claims, and I will furnish one of my plants in each county, on 30 days free trial to prove it is the best cattle feed, and the slop of the mush fed cattle the best hog feed. A little soda is good for all classes of stock; helps them digest their feed. I ask all cattle feeders and horse feeders to try one.

2 gallons of corn with the cob in it cooked will make all any steer can eat, and gain 3 1-2 to 4 pounds per day, if clover is fed with it in dry lots.

1 gallon with the cob in it makes a day's feed for a horse.
1 gallon corn with ground clover in it feeds a hog a day.

EXCELLENT LUNCHEONS CAN BE PREPARED AT LOW COST

Mrs. Henry English Gave Pertinent Suggestions to Household Science Club—Food Basic in Relation to Health.

At a recent meeting of the Household Science club held with Mrs. Frank Byrns a very valuable paper was presented by Mrs. Henry English. In the paper Mrs. English emphasized how basic in importance is the family dietary and some very pertinent suggestions were given for preparing appetizing and nutritious luncheons at low cost. A number of the club members joined in the request that a summary of Mrs. English's suggestions be published.

A German proverb says, "when the doctor is called he should enter by the back door and thank the cook for being called."

A meal; what is it? Just enough food to renovate and well refresh the frame, so that with spirits lightened and strength renewed we turn with willingness to work again.

Food is the only source of human power to work or think.

No dietary can be laid down; even the dietary of each individual is a variable equation, for each day he is older and perchance has changed climate or occupation.

So I beg of housewives to avail themselves of figures and tables and deductions from trained scientists, enabling them to formulate a dietary for their families that shall in quantity and relative proportions supply the food principles and bulk that would meet the standard requirements. We must not only think of the things I have just called attention to in planning a luncheon or any meal, but must consider idiosyncrasies of digestion, assimilation and that its conservation depends in a large measure upon the skill of the cook.

Our heat unit in measuring food is a calorie and where we feed protein in excess and the number of calories in excess of the standard requirements, we open the gates that lead to kidney trouble, rheumatism and a host of kindred diseases. Vegetables should be used more abundantly, since vegetable protein carries with it a large amount of potassium salts, which neutralizes acid products and forestalls rheumatism. If a man who labors and the open were fed upon turnips and bread he would eat an excess in quantity in an attempt to satisfy his appetite and then be distressed and conscious that his system needed some other elements.

From just such poorly selected meals, we produce invalids, mental and physical, and a large percent of our drunkards. Add a well made cream sauce to the turnips and 1-4 pound of grated cheese to the sauce and he will have a complete meal and only one half the quantity will be consumed and his appetite satisfied. I was asked by the program committee to talk upon a luncheon costing 20 cents per capita. This called to memory a question asked Miss Farmer, "Well," she replied, "first tell me where, to whom and by whom the luncheon is to be served and then I can only make suggestions as prices vary from day to day and there is always a great variance in price. In different sections of the country and in small towns and cities. I could serve for 20 cents per capita, strawberries this month in the south, though they would be prohibitory north of the Mason and Dixon line."

So I beg of you study your tables in relation to your families' needs and then make your requirements meet your purse as best you may. If protein is too high, use eggs, if eggs are too dear, use milk in a custard or cream soup, with a little grated cheese on a browned wafer.

In Philadelphia a band of women have served all winter, a luncheon costing 20c per plate, embracing the required variety which is an essential in the meal, and also from day to day. Never the same day or meal, repeat the same vegetables or meat, and give in generous quantities nitrogen, phosphorus, iron and calcium.

In a study of dietaries in the mountainous regions of the south, where the food was cooked and served in the quickest and simplest way and the articles of food very limited in number and varied but rarely, it was found that the people lost their youthful appearance very quickly. Girls of 20 to 22, looked over 30 years of age, and women of 40 years looked to be from 55 to 60 years of age.

A well fed human being shows the nature of his food in the same measure as a well fed horse shows his oats.

Health and contentment with energy and will to do things are the products of a proper food supply.

The menus served in Philadelphia are as follows:

MUNICIPAL TAX LEVY IS PLAN OF ANTI-TUBERCULOSIS LEAGUE

Directors in Session Thursday Evening Initiate Movement for City Support—Will Submit Issue at April Election.

A plan to lay a one-mill tax in the city of Jacksonville for the support of anti-tuberculosis activity was initiated last night at a meeting of directors of the Morgan County Anti-Tuberculosis League. This may be done in accordance with the Glacklin law, "an act to enable cities and villages to establish and maintain public tuberculosis sanitariums," and it is the purpose of the directors to have the question submitted to the people at the spring election, April 2. The one mill tax for which the Glacklin law makes provision would raise in Jacksonville about \$2,500 and league officers see in the favorable vote of the people possibility of more adequate provision for a work which is now being carried on under admitted difficulties.

Although much is being done to combat tuberculosis in Jacksonville, need is felt for more complete facilities and the extent to which the work is dependent upon private finance, makes progress doubly difficult. Many children there are in the city who need more careful treatment than either the clinic or the open air school can now give. Faulty housing conditions and life in homes devoid of proper comfort makes complete cure impossible in many cases and only where the child can be under the proper conditions at all hours of the day, can there be effected permanent cure. The city contains more children with tubercular taint than can now be cared for, and it is hoped by those conversant with the situation that the voters will make possible the one-mill levy and thus place the anti-tuberculosis work upon a solid basis.

FRENCH INCREASE LIMIT FOR ISSUE OF TREASURY BONDS

Minister of Finance Gives Monthly Expenditures During First Months of 1915 at About 1,500,000,000 Francs.

Paris, March 18.—(4:50 p. m.)—In the course of a speech in the chamber of deputies today on the proposal to authorize the government to raise the limit for the issue of treasury bonds from 3,500,000,000 francs (\$700,000,000) to 4,500,000,000 francs, Alexander Ribout, minister of finance said:

"The way the people of France have taken these bonds surpasses expectations. Great difficulties faced the French treasury at the beginning of the war. The treasury is conquering them."

"Toward the end of last year the monthly expenses were 1,100,000,000 francs (\$220,000,000). The expenditures during the first months of 1915 have been from 1,250,000,000 francs to 1,500,000,000 francs—rather nearer the latter figure. Expenditures are increasing owing to fresh necessities, for example, the military expedition to the Dardanelles, for which no one would have predicted. We shall have to manufacture increased quantities of war munitions, buy material and necessary provisions and lastly our expenses certainly will be augmented on the day we retake possession of the invaded departments."

M. Ribout concluded his speech in the midst of an outburst of applause. The chamber unanimously passed the bill increasing the limit of defense bonds.

EUROPEAN WAR NOTES

London, March 18.—(6:52 p. m.)—The foreign office was advised today that Turkish soldiers recently run wild in the Urumiah district of Northwestern Persia and killed several hundred civilians. The Turks are said to have burned several villages after looting them.

Paris, March 18.—The combat at Carnoy, which began the evening of March 14th, by the explosion of a heavily charged mine in one of the French advanced trenches was vain and costly for the Germans according to an official note issued by the war office today.

"The battle lasted until the 17th," the note adds, "and was marked by sharp fighting, numerous counter attacks and systematic bombardments. The German offensive was finally repulsed and the French succeeded in making a slight gain on this part of the front."

Vienna, via London, March 18.—(10:50 p. m.)—The following official statement was issued by the war office tonight:

"On the heights west of Laber, where an attack by numerically superior forces was repulsed at a sanguinary battle with great loss to the enemy, several companies being annihilated."

"Repeated attempts by the Russians to capture vantage points among our positions by means of surprise attacks delivered by forces outnumbering the defenders also failed."

"We captured 280 prisoners. At other points on the front nothing of importance has occurred."

Paris, via London, March 18.—(11:35 p. m.)—The following official communication was issued by the war office tonight: "A Zeppelin airship has dropped some bombs on Calais, aiming at the railway station. No serious material damage was done, but seven employees were killed."

"In Champagne we have made sensible gains to the west, to the north and to the east of Ridge 196, northeast of Lemesnil. The enemy made a counter attack but was repulsed. Our gains extend eastward into a ravine which runs from Ridge 196 in the direction of Beausjour."

"In the wood of Consenvoye, north of Verdun, we have carried two German trenches and made prisoners."

"At Hartmann's Wellerkopf we have gained a little ground in relation to our previous position. The enemy's losses were very heavy. His trenches were full of dead."

BILLIARD TOURNAMENT SCORES
Chicago, March 18.—George Moore of New York defeated John Hahman of Minneapolis today in the world's championship three cushion billiard tournament by a score of 50 to 41 in 88 innings. Moore's high run was 8 and Hahman's 5.

In the second game John Daly of New York defeated Charles Ellis of Cleveland 50 to 37 in 87 innings. Ellis played 86 innings. Each had a high run of four.

DEBATING MORE POPULAR.
New York, March 18.—Debating is again coming to the front in American life. The colleges have taken it up extensively, recognizing the excellent training which it gave to the earlier generations of Americans. Tonight Rutgers, Trinity and New York University will clash in a three-cornered debate, each college furnishing two teams which will handle the affirmative and negative side of the question as to increasing the standing army of the United States.

ILLINOIS CHURCH CONFERENCE
Shannon, Ill., March 18.—The annual conference of the United Evangelical churches of Illinois brought together here today 500 ministers and prominent laymen of the state. One of the important topics is the changing of the service of pastors from four to five years duration. It is also planned to change the time of the annual meeting from March to September.

CANADIAN BANK FUNDS STILL HIDDEN

Arrest by Chicago Police Said to Have Blocked Detective Investigation.

Chicago, March 18.—While Geo. Webster and John Bingham were being arraigned here today in connection with the big robbery of the Bank of Montreal in 1911, detectives are scouring the city to locate the "cache" where the bulk of the \$200,000 stolen from the bank is believed to be concealed. It is claimed by the Montreal bank officials that the arrest by the Chicago police of Webster and Bingham destroyed the work of detectives who for months have been working on the case, just as a round-up of the alleged robbers and their loot seemed near.

Two weeks ago today the Chicago police were called into the case, when Webster's efforts to exchange Bank of Montreal bills for American money. Webster, it is said, made the mistake of taking too much drink and went twice in one day to a money changer. The bills were new but had been soaked in water to give them the appearance of age. The money changer became suspicious and called in the police. When searched, Webster had \$200 of the money on his person. Bingham, who also fell into the clutches of the police at the same time, was known as J. C. Bigelow, and used the names of Benton and Benson, it is said.

The two men caught here were held in \$15,000 bail each. According to the Montreal detectives, the latter had been following the two men about in an effort to discover the source of their supply of the stolen money, of which they expected to recover at least \$80,000. In the three years and a half since the robbery, which took place at the New Westminster branch of the bank on Sept. 15th, 1911, the bank has expended large sums in seeking to round up the members of the band. Private detectives have been on the trail of Bingham, Webster and two others for months, and believed they were within sight of their goal when the Chicago police, for the second time, spoiled their plans by making an arrest. Once, in 1912, the sleuths were close to the secret cache, which is known to be in this city, and the men who knew where the money was and who were sure to go sooner or later to get some of it, were under surveillance. At that time, a Chicago policeman blundered into the game and the plan was spoiled. The arrest of Bingham and Webster has again frustrated their plans, the detectives claim.

It is said that a woman is involved in the mystery of the stolen money. When Webster and Bingham were rounded up, a woman was arrested, but she was released and her name kept secret. Bingham, one of the men arraigned today, is said to be the same Bingham who served three years in the Oregon penitentiary for robbery committed in 1896. He is also said to have served time in Minnesota and California.

RAILWAY TO THE ARCTIC THIS YEAR

Winnipeg, March 18.—A railway from Edmonton to the Arctic circle will be completed this year. About 2,000 men are working on the construction of the Edmonton, Dunvegan & British Columbia railway and the Alberta & Great Waterways railway. Trains will be running to Fort McMurray on the McKenzie river in the fall. The Alberta & Great Waterways road is the line which will reach the Arctic Circle.

NEW SAN ANTONIO TERMINAL

San Antonio, Tex., March 18.—A new terminal will soon be under construction in this city for the Missouri, Kansas and Texas railway. Through its subsidiary, the San Antonio Belt & Terminal Railway, rights of way for the proposed tracks and buildings have been secured, and the city council will soon be asked for a franchise. An expenditure of \$1,500,000 is involved. The road has been using the terminal of the Southern Pacific.

RELATES APPALLING STORY OF CONDITIONS IN SERBIA

War Relief Commission of the Rockefeller Foundation States Several Diseases are Epidemic in Country.

London, March 18.—(8:15 p. m.)—An appalling story of conditions in Serbia was related today by Ernest Bicknell and Henry James, Jr., of the war relief commission of the Rockefeller Foundation on their return to London after a tour of inspection through that country. They said that several diseases were epidemic in Serbia.

Typhus, the most deadly of these, already has caused the death of sixty out of four hundred native doctors of the country. The foreign red cross units have suffered great losses. Two American and British units have been compelled to suspend their regular work because of typhus. Nine American nurses and two physicians have contracted the disease.

The commissioners went first to Nish, then proceeded to Belgrade and left the country by way of Ustipet.

ON THE BRIDGE

I stood on the bridge at midnight, and looked at the sizzling town, where the pleasure seeking people were holding the sidewalks down. The moon rose over the city and shone on the dames and gents, but the glare of the lights electric made it look like twenty cents. The windows of homes were darkened, for no one was staying there; the children, as well as grownups, were all in the Great White Glare. Deserted were all the fireplaces, abandoned the old time game; alas, that the old home circle is naught but an empty name! The father is out chug-chugging, the mother is at her club, the kids see the moving pictures and go to the hotels for grub. How often, oh, how often, in the days that seemed good to me, have I looked at the children playing at home, where they ought to be! How often, oh, how often, in those days of the proper stamp, have I gazed on the parents reading at home, by the evening lamp! But the world has gone to thunder, forgotten that elder day; and I took up the bridge and broke it, and threw all the chunks away.

Suffered Everything Until Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Florence, So. Dakota.—"I used to be very sick every month with bearing down pains and backache, and had headache a good deal of the time and very little appetite. The pains were so bad that I used to sit right down on the floor and cry, because it hurt me so and I could not do any work at those times. An old woman advised me to try Lydia E. Pinkham's Vegetable Compound and I got a bottle. I felt better the next month so I took three more bottles of it and got well so I could work all the time. I hope every woman who suffers like I did will try Lydia E. Pinkham's Vegetable Compound."—Mrs. P. W. LANSING, Box 8, Allyn, Wash.

Why will women continue to suffer day in and day out or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

AROUND HOME

Southern Illinois Masons Meet.—Members of Masonic lodges from thirty-nine southern towns assembled at Herrin to attend the annual district school of instruction, which will continue three days.

Lets Electric Light Contract.—The city council of Pittsfield has let the contract for placing 24 cluster electric lights around the public square and at the entrances of the court to the Caldwell Company of Champagne, for \$1630. The company agrees to provide an additional eight three-cluster lights for \$350 making \$1980 in all. The women of Pittsfield are responsible for the improvement, they having raised the money for the same.

Law Increases Enrollment.—In the year closing June 30, 1913, there were enrolled in the high schools of Illinois 78,942, in the year closing June 30, 1914, there were 85,301 pupils enrolled, a gain of over eight per cent whereas the gain in the enrollment of the elementary schools is 2.6 per cent. While the enrollment in the high schools, as compared with the enrollment in the elementary schools, has been gradual, increasing, this rapid and unprecedented growth must be attributed to the free high school tuition law.

Ship Hogs to St. Louis.—Frank Allen of Pittsfield had 40 hogs on the St. Louis market last week that averaged 219 pounds and sold for \$7 per cwt. George Conroy of the same place received \$7 for 58 heavy hogs which he had on the market the same day.

Finds Indian Skinning Knife.—William Hillis of Alton has in his possession an Indian skinning knife which was found a few days ago by workmen in the Nutwood drainage district in Macoupin county, 25 miles northeast of Alton. The knife is of hard flinty stone and measured eight inches across at its largest end, tapering down to a point. It was found buried in a bank of clay, 15 feet deep.

Civil War Veteran Dies.—Benjamin N. Stout, aged 82 years, died at his home in Carrollton last week. He was a veteran of the civil war and had resided in Carrollton for 36 years.

Wealthy Griggsville Man Dies.—Benjamin Newman, one of the wealthiest residents of Griggsville township, died at his home in that city last Sunday. He came from Ohio and was 89 years of age last February 26. To each of his eight children he recently gave a deed for 200 acres of land, and a few years ago he gave to the Griggsville Baptist church a farm of 160 acres, north of Griggsville, and valued at \$100 an acre. A fine home property in Griggsville is left to the widow. Besides his gifts of lands to his children, Mr. Newman left a large fortune invested in stocks, notes and bonds.

Wealthy Farmer Disappears.—Charles Baughman, aged 27, wealthy farmer of Edinburgh, northwest of Pana, and son of George Baughman, one of the wealthiest retired farmers of Central Illinois, is mysteriously missing. He went to Taylorville March 8. He was married five years ago to Miss Versay Lefever. They have no children.

Youth Killed by Shotgun.—Arthur Jackson, 10 years old, son of W. Jackson, Market street, North Venice, was instantly killed Wednesday when a shotgun with which he and Arthur Hill, 8 years old, were playing at the Hill home in North Venice, was discharged. The right side of young Jackson's head was blown off.

Old Stone Mason Dies.—Robert Franklin, an old stone mason living at Nebo, died last week. The deceased was about seventy years of age and is one of the oldest stone masons in Pike county.

General Store Burglarized.—The general store of George Wroughton, at Time, was entered by burglars Friday night and a quantity of groceries taken.

Suffers Painful Injury.—Richard Elliott was the victim of a bad accident Saturday morning. He was at work at Fred Kopp's on the McMahar farm, north of Griggsville, with his power saw, when an inch board four inches wide in some manner became caught under the saw and was torn into three pieces, one of which was thrown with violent force and struck Mr. Elliott on the right cheek, tearing the skin loose from the bone. It required several stitches to close the wound. Had the blow been struck an inch higher Mr. Elliott would probably have been killed.

Advertising Pays.—Recently W. H. Harrison of Tampico, Washington, retired from active business after having conducted a merchandise store for 26 years. Tampico is a small city of about 800 people, but Mr. Harrison had built up such a business that he was worth about \$150,000 at the time of his retirement. He says his success is due largely to newspaper advertising, he having run an advertisement in his home paper every issue during the 26 years he conducted his store.

Loses Three Good Horses.—James Newport of near Pittsfield recently lost three good horses within a few days, from corn-stalk disease. He would not have taken less than \$250 a piece for two of them, he says. Two of the horses were insured.

SPECIAL SERMONS ANNOUNCED FOR FIRST BAPTIST CHURCH

Rev. Percy Stephens Will Begin Series on "Through the Bible" Sunday Night.

On Sunday morning next at the service commencing at 10:45 o'clock the Rev. Percy W. Stephens will begin a special series of lecture-sermons on the topic "Through the Bible."

A unique feature of these lecture-sermons will be the use of a diagram, beautifully painted in five colors, and measuring 20x8 feet in size. The diagram was designed by Mr. Stephens several years ago, and has been used with much success on both sides of the Atlantic. It has recently been published by the Moody Bible Institute Colportage association of Chicago, and large copies are being used by prominent Bible teachers in different parts of the States. Commendations of the highest quality have been given this diagram; amongst them being commendations from Rev. F. W. Farr, S. T. D., D. D. of Philadelphia; Rev. John Barvin Dean, D. D. of Chicago; Rev. Parley E. Zartman, D. D. of Winona; E. O. Selers, of the Moody Institute, Chicago.

The course will cover the teaching of the Bible from the first verse of Genesis to the last verse of the Revelation, and will include the following topics: Mysteries and Mess. sages of the Creation; the Career, Character and Conflict of Satan; the Creation, Fall and Redemption of Mankind; the Deluge; the Origin of Nations and of Languages; the History of the Jewish Race; the True Church of God, its Members and its Mission; the Second Coming or Christ; the Millennial Kingdom; the Great White Throne Judgment; the New Heaven and the New Earth; Eternity; etc.

All of these events are clearly indicated on the diagram, and those who follow this series will have a thorough and comprehensive view of the teaching of the entire Bible. The course will last about two months. On Sunday morning next an introductory message will be given covering the entire course in rapid survey.

On Sunday evenings Mr. Stephens plans to continue the revival type of services with special music, and a chorus led by Professor Springgate.

On Sunday evening next more converts are to be baptised at the opening of the service following the organ prelude by Mrs. Lucy D. Kolp.

SOME TALL MEN.

J. W. Evans of Scott county was in the city calling on his old time friend, J. A. Obermeyer, who has known him for many years.

Mr. Evans father was six feet one inch tall and was a pioneer in the little county of Scott. He had four sons who were respectively six feet seven inches tall; six feet four and a half inches, six feet two and a half inches, the one here yesterday, and six feet one inch tall.

The father and sons were expert choppers and in the earlier days when timber was plenty they chopped a lot of wood. Mr. Evans said he readily chopped two cords a day and walked four miles to his work getting home before sundown, and he had many times put up 2 1-2 cords a day and several times had cut four cords in a day though that was unusual. He said he had heard of a remarkable man who chopped seven cords of wood in a day but he was unable to swear to it himself. Though well along in years Mr. Evans is in good health and while he would hardly hold out long cutting two and a half cords of wood in a day he would yet outwork many a younger man.

CHAPIN.

A good deal of dragging has been done on the roads this spring to fill up the ruts and knock off the bumps. The frost went out early so the mud did not get so deep as usual.

The spring election will be April 6th at which time one commissioner and a clerk are to be chosen. Henry Depner and John C. Eskew are to be voted on for commissioner and Alvin H. Schumacher and Elmer Coulson are each willing to be elected as clerk. These men are all good citizens and worthy of the support of their many friends. Other men have been mentioned as candidates and may be voted upon. It is a free race.

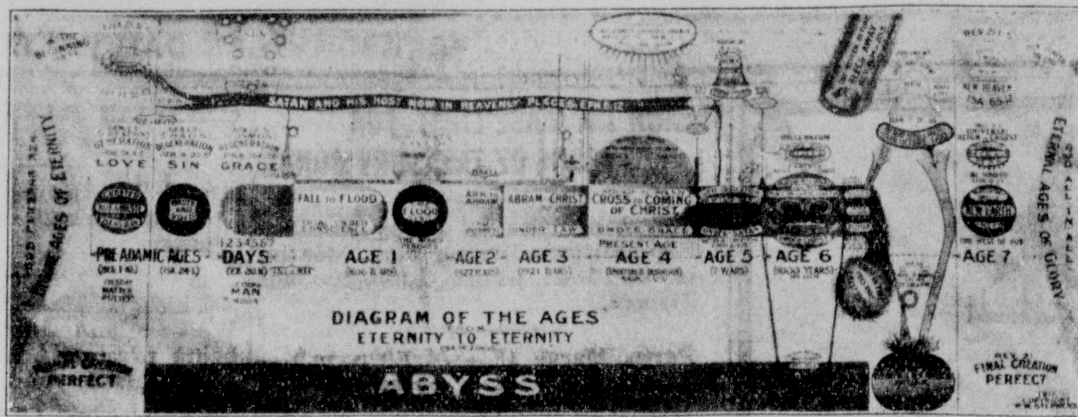

JEFFERSON CITY PASTOR TO ASSIST IN MEETINGS.

The Rev. John Goins of Jefferson City, Mo., arrived in the city last evening to assist in a revival series at Mt. Emory Baptist church, began Monday by the pastor, Dr. E. L. Scruggs. Rev. Mr. Goins comes well recommended and indications are good for a successful meeting.

Burglars Busy at Baylis.—Burglars entered the Grammar hardware store and Barnes' grocery store at Baylis. At Barnes' store about 200 pennies, cigars and other small articles were taken. At Grammars' pocket knives, razors and flashlights were missing.

Leases Hillview Hotel.—W. L. Waltrip, who has conducted the hotel at Hillview for a number of years, has leased it to Bruce Hersman of White Hall, and Mr. Waltrip will leave Hillview.

Wants Mile and Half of Pennies.—Col. W. R. Flenke has started a campaign to collect one and a half mile of pennies, making a total of 125,720 pennies, or \$1,257.20 to erect a mission chapel for the Gospel army at Herrin.

Reduced copy of diagram to be used "Through the Bible" series at First Baptist Church.

EDITORS GO TO SCHOOL.

Ames, Iowa, March 18.—Iowa editors of weekly newspapers today attended school. Three days of lectures are provided for them by the state board of education. Problems in the printing trade are not the only subjects, for the state authorities believe the editors should have ideas of the social and economic phases of rural life.

A curious case at Cincinnati is that of a moth who was given a surprise when her baby was born. She claimed she did not know a thing about it until the stork arrived.

Chance of a Life Time To Get This Famous \$2.50 Hoosier Kitchen Cabinet

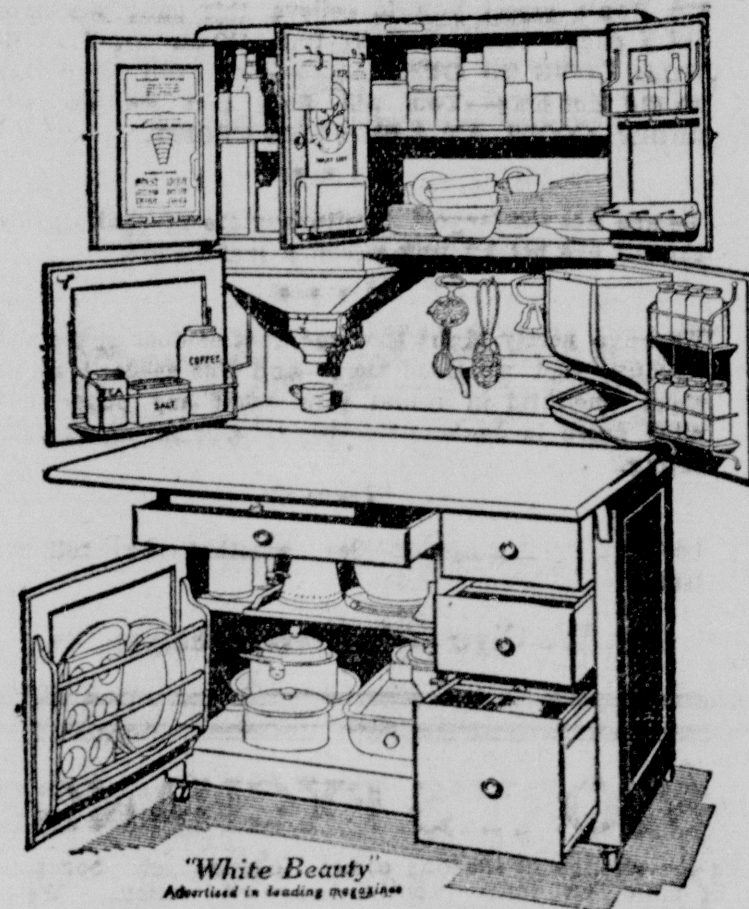

Beginning tomorrow, for one week only, The Hoosier Manufacturing Company permits us to sell the "WHITE BEAUTY" at \$2.50 less than the low cash price established by the Hoosier Company. Regular Hoosier prices are remarkably low. This reduction means an unheard of bargain. 800,000 Hoosier Cabinets have been sold. "WHITE BEAUTY" is the finest Hoosier made. To double the sale of this one cabinet quickly, the Hoosier Company authorizes this sale in 1000 picked towns. This is truly the chance of a lifetime for a few women only. Our allotment is strictly limited.

White Beauty delivered for \$1.00

Then \$1 weekly soon pays the balance. Your money back if you're not delighted with it. No extra fees. No interest. Just the cash price less \$2.50.

Saves Miles of Steps for Your Tired Feet

You now must carry things from your cupboard and pantry to your table and back again at every meal. This means miles of steps. The Hoosier saves all these because it combines everything at your finger's ends. You can sit down in front of the Hoosier and do nearly all your work. You save energy by saving steps. You have more leisure.

"White Beauty" Admitted to leading magazines

Illinois Railroads to the People—No. 8.

Why 2½ Cents a Mile in Illinois?

Railroad passenger service in Illinois is unsurpassed. Yet rates of fare are higher in states where denser population creates more travel and therefore more earning power per mile and per train.

Increased cost of equipment, maintenance and operation, with fares held down by law, have eaten up the profit margin.

Top notch service cannot be maintained at a loss. A fair return must be had or the service will suffer.

This is the sum and substance of the passenger fare question. It typifies a situation in Illinois, as elsewhere, which has aroused deep concern in highest official circles and throughout the country.

Read and ponder what President Wilson, Louis D. Brandeis and the Interstate Commerce Commission itself have said of this.

President Wilson:

"The interest of the producer, the shipper, the merchant, the investor, the financier and the whole public in the proper maintenance and complete efficiency of the railways is too manifest. They are indispensable to our whole economic life. * * * Undoubtedly, men both in and out of official position will appreciate what is involved and lend their aid heartily whenever it is possible for them to lend it. The emergency is, in fact, extraordinary, and where there is manifest common interest, we ought to, all of us, join in calling attention to it." (From the President's letter to Chairman Trumbull, Chesapeake and Ohio Railway.)

Interstate Commerce Commission:

"The traveling public is giving expression to its demands for better service, better accommodations, and for the adoption by carriers of all devices that make for safety. A public that demands such a service cannot reasonably object to the payment of a reasonable compensation therefor." (From decision of July 29, 1914.)

Louis D. Brandeis:

"The cost of operation of passenger service is so great as to leave nothing whatever for profit. This increased cost has come largely through increased wages, and with the introduction of steel cars you are carrying 50% more dead weight to every passenger than you carried before. All the other expenses are similar. The electric light, the ventilation, sanitation and all of these things which we have, and ought to have, cost money. But there has been nothing to counter-balance that increase in the cost of operation which comes from the increased wages, and from governmental regulations in the aid of safety to humanity." (From argument as Counsel of Interstate Commerce Commission.)

There you have in a nutshell the basic reasons for making passenger fares 2½ cents a mile in Illinois. In asking this, the railroads ask only for simple justice; for a living wage; for ways and means of continuing the excellent passenger service Illinois now has, without burdening anyone.

AUTO CRANK BREAKS ARM.
James J. Brown of the Jack-
sonville Farm Supply Co. is suffering
from a broken arm, received late Thurs-
day forenoon while cranking an auto-
mobile. Mr. Brown and P. W. Fox
were at the Al Foster farm near
Sinclair, where they went in the
Farm Supply Company's automo-
bile. Mr. Brown was cranking the
machine preparatory to returning
when the engine kicked and his
right arm was broken just above the
wrist. Dr. Norris, who went at
once to the scene of the accident,
attended Mr. Brown.

**SCHOOL FRATERNITIES
BEFORE SUPREME COURT**
Washington, D. C., March 18.—
The fraternity men of the United
States are interested in the case,
which will be argued within a few
weeks before the Supreme Court, J.
P. Waugh, a member of Kappa Sig-
ma, seeks to enjoin the officials of
the University of Mississippi from
enforcing the law excluding from
the university those affiliated with
Greek letter societies. The Univer-
sity has urged the constitutionality
of the anti-fraternity law in a brief
filed in the Supreme Court, contend-
ing that a state has a right to gov-
ern its own institutions, and hence
it was within the power of the Mis-
sissippi Legislature to condemn frater-
nities as conducive to friction in
college management and to forbid
their existence in a State college.

terror. Depend coolly on Dr. Knott's
Croupine. It gives almost instant
relief, loosens the throat tightness
and the little soul rests easily. Dr.
Knott's Croupine is a new combina-
tion, with absolutely no poison, no
morphine, chloral, cocaine, chloro-
form, cannabis, or other habit-form-
ing drugs. It is safe for any baby.
That's why, in its extraordinary suc-
cess, it is being used by even the
most critical, who think twice before
they act. The originator, Dr. J. D.
Knott is endorsed by his townspeople
in Monticello, where he has been a
family physician for 31 years.
A. P. Moore, vice-president Moore
State Bank at Monticello, says: "Mrs.
Moore has kept it in the house ever
since 'Bille' was a small baby, and
we would not feel safe without it
now." Dr. Knott's Croupine should
be on hand, ready, always ready for
instant use. It also is a splendid re-
lief for coughs, colds, grippe, bron-
chitis and hoarseness. Sold by all
druggists. It costs as much as the 25c
size. Money back if not satisfied.
"Croupine is sold and recom-
mended in Jacksonville by Lee P.

**RULES WHICH GOVERN THE
INTER-SCHOLASTIC DEBATING LEAGUE**

Jacksonville Member of Organization
Including Eighteen Schools—Ob-
ject of League to Raise Standard
of Argumentative Composition.

Tonight occurs the big annual de-
bate. This year Jacksonville debates
Quincy at home. Last year Jack-
sonville debated Springfield. The pa-
trons of the school should be great-
ly interested in this annual affair.
A general explanation of the De-
bating League to which Jacksonville
belongs and under whose jurisdic-
tion this evening's debate comes, may
be of interest.
The organization is known as the
Inter-scholastic Debating League. Its
object is to raise the standard of ar-
gumentative composition in the high
schools of its membership, to pro-
mote in them greater interest in the
study of the political and economic
problems of the day, and to develop
in the students coming under its in-
fluence ability to present sound
thought in an effective way—this
object to be attained by holding an
annual series of interscholastic de-
bates.

Eighteen Schools in League.
There are eighteen schools in this
League. These schools are grouped
into six districts of three schools
each. In group one are Davenport,
Ia., Moline, Rock Island; group two
are Keokuk, Princeton, Geneseo;
group three, Galesburg, Monmouth,
Canton; group four, Springfield,
Jacksonville, Quincy; group five, Ke-
okuk, Ia., Ft. Madison, Ia., Burling-
ton, Ia.; group six, Clinton, Ia.,
Frederick and some other high school
not chosen at the beginning of the
school year.

The debate this evening occurs in
accordance with this regulation:
There shall be eighteen local de-
bates, in each of which two teams
shall be selected, each consisting of
three regular debaters and an alter-
nate, one of the teams afterwards to
uphold the affirmative of the ques-
tion for debate in the district de-
bate, and the other the negative.
Other regulations are: All debaters
shall be bona fide high school
students doing creditable work in at
least two subjects of the regular cur-
riculum, and undergraduates of the
school at the time of the contest.

The judges shall consider both
thought and delivery. They shall
neglect personal prejudice and de-
cide upon the merits of the debate.
Each judge shall be allowed to de-
cide for himself as to what consti-
tutes effective debate. He shall not
under any circumstances give a "con-
solation vote." Each judge shall
vote the affirmative or negative with-
out consultation. He shall sign,
seal, and deliver his vote to the mes-
senger of the presiding officer, who
shall, in the presence of the audi-
ence, open the votes and announce
the decision.

In all debates held under the con-
stitution every speaker shall have
two speeches, a first speech twelve
minutes in length, and a rebuttal
speech five minutes in length. The
affirmative shall close the debate,
the last constructive speech of the
negative being followed directly by
the first negative rebuttal speech.

At each debate the principal of
the high school entertaining shall
select a presiding officer, but in no
case shall this presiding officer be
the instructor in charge of the de-
bating interests of the school.

At each contest the alternates of
the opposing teams shall act as
timekeepers, observing such arrange-
ments as to warning, etc., as each
team may request.

In the district debates each school
shall assume all financial responsi-
bility in connection with the debate
upon its own floor. It shall supply
the auditorium, pay all expenses of
judges and railroad fare and local
entertainment of the visiting team.
The visiting team shall have the
right to include, in all cases, in its
membership an alternate and one
faculty member from the school.
The doors shall be kept closed
while each debater is speaking. Time
lost in unavoidable interruption
shall be made good to the speaker
interrupted. The debaters shall be
separated from the audience and re-
ceive no help during the progress of
the debate. Personal letters shall
not be admitted as evidence in any
debate. Before the debate the judges
shall be entertained at the hotel.

**COURT
NEWS**

MRS. STUMBORG'S WILL FILED.

The will of Mrs. Osa Stumborg of
Chapin has been filed for record in
the office of the county clerk. This
will was drawn Nov. 27, last, with
Mrs. Rena Brownlow and E. H.
Brownlow as witnesses to the signa-
tures. T. J. Priest of Winchester
is named executor of the will, and
has taken charge of the property.
Mrs. Stumborg, who was about 39
years of age, died leaving as her
only heir her little daughter, Clara
May Stumborg. The father and an
infant died a comparatively short
time before the mother, and the lit-
tle girl is therefore the only surviv-
ing member of the family.

The testatrix directs that the
greater part of the property is to
be sold and the proceeds turned
over to a guardian to be appointed
by the court for her daughter, and
by him held until the daughter is
18 years of age. The home property
lot 12 in Chapin's 1st addition to
Chapin, is also bequeathed to the
daughter and to be held in trust
for her until she is 18 years of
age. If the daughter should die be-
fore reaching the age mentioned
and leaves no child, then one-half
of the property is bequeathed to
Bertha Shoushe, a sister of the tes-
tatrix, and one-half to her uncle,
Richardson Christison. Should her
daughter die leaving a child, then
the entire property is to descend to
this child.

PROBATE ORDERS.

Estate of Annie T. Gaines; the re-
port of the administrator was ap-
proved and notice of final settle-
ment made.

In the matter of the guardianship
of Oswald Crain, minor heir of
Everett E. Crain; the guardian's re-
port was approved.

In the estate of Damon D. Rob-
inson, of which E. W. Walbaum is
the administrator, a petition for pri-
vate sale of personal property was
approved. The personal property in-
cludes 10 shares of the Farmers' State
bank at Ashland, 7 shares in the
Prentice Farmers' elevator, 1
share in the Ashland Farmers' ele-
vator, and a considerable quantity
of corn.

COUNTY BOARD SESSION.

The Morgan county board of
commissioners is still in session and
the work of the term will not be
concluded before this afternoon and
may continue to Saturday. The con-
sideration of claims has occupied
practically all of the attention of
the board, although there has been
some discussion relating to road and
bridge improvements.

SAFE DEPOSIT BOXES

\$3.00 PER YEAR

Less than One Cent a Day.

There are hundreds of people in this vicinity who have become accustomed to using a tin box in which to keep their valuables, who by using one of our SAFE DEPOSIT BOXES will find they are safer, strictly private and more satisfactory in every way. It requires two keys to unlock the box. The customer has one and the bank the other, which is the master key. If you should lose your key, and some one else should find it, it would do no good, because it would require the master key, which we hold before the box could be opened.

There is no better or stronger vault in the United States, and the rate we pay on burglary insurance, which we carry, is the lowest in the country.

Come in and let our vault clerk, Mr. Ewen L. Whitlock, explain.

Social Activities

Home Missionary Society Meets.

The Home Missionary society of Grace Methodist church met Tuesday afternoon with Mrs. Lucilla Blackburn, 128 Prospect street, Mrs. Amelia Nebell, acting as assistant hostess. There was a large attendance of members and the meeting was a profitable one.

The devotion was led by Mrs. J. F. Berry and Mrs. Clarence York read an interesting Indian story. Two songs were given by Mrs. Charles Hopper: (1) Indian Lullaby, by Victor Herbert and (2) Irish Hush song by Needham. Mrs. U. G. Woodman gave an splendid review of Chapter three of the Study Book, and also gave several other timely sketches. A social hour followed the program and light refreshments were served. The next meeting will be held with Miss Nettie Orear, 713 South Main street, April fifteenth.

Ebenezer Young People Were Entertained.

Mrs. J. Edgar Martin and Miss Lucilla Blackburn entertained the members of the Ebenezer church Wednesday evening at a St. Patrick's social, at the home of Mrs. Martin, 283 Sandusky street. There were eighty present and the evening was enjoyably spent. The house was decorated with Irish mottoes and emblems of St. Patrick's day. The first part of the evening was given over to singing Irish songs and telling Irish stories. Mr. Albert Hall winning the prize for telling the best story. The last part of the program was a play entitled, "An Irish Linnen Peddler." There were six characters as follows:

Mr. Darling—Martha Patterson.
Mr. Darling's daughter—Mrs. Fletcher Blackburn.
Mrs. Wade, a widow—Mrs. J. Edgar Martin.
Planagan, a young man—Mrs. Edward Williamson.
Mollie, the maid—Miss Fannie Masters.
Pat O'Doyle, the peddler—Alberta Quigg.

The play was well given and was thoroughly enjoyed by the guests.

Gave Dancing Party.

Miss Mary Beth Fox entertained thirty guests at a dancing party Thursday night in the studio of Miss Robinson on South Diamond street. The hours were from 8 till 12 and the hostess was assisted by her mother and Mr. and Mrs. Harold Gay during the evening refreshments were served.

GAVE SOCIAL AT LITERBERRY CHRISTIAN CHURCH

An Excellent Program Carried Out—Published Newspaper for Occasion.

A St. Patrick social was given at the Literberry Christian church on the evening of March 17. The attendance was large and the occasion was greatly enjoyed by all present.

Miss Lora Petefish was in charge and acquitted herself in a pleasing and efficient manner.

Partners were selected. Each lady and gentleman receiving a number and the gentleman sought the lady holding the corresponding number. After all had found their partners each couple received a pencil and paper. Twenty questions were passed in various places around the church and required answers, the first three letters of which were "Pat." A prize was awarded the couple answering most accurately the puzzling questions and Mrs. W. E. Murray and partner won it.

It was next announced that Literberry should publish a newspaper. The Literberry Times was the name selected. The "Times" came into the journalistic field and passed out of history on the same day. However it cannot be said some very important events were chronicled in its columns in its short life.

The Times was ably edited, Miss Lora Petefish as managing editor. The editorial department was presided over by Orville Crum, who gave the audience a down to the minute editorial review of the local political and business issues pertaining especially to Literberry and community. The subjects handled were the coming road commissioner election, the abolishment of the personal property tax and the business outlook of surrounding country.

Earl Underbrink, the obliging and efficient agent of the C. P. & St. L. railroad, had charge of the war news. His account of the European war was handled in such an able manner and the audience unanimously voted him the prize.

Current events were under the management of Grant Gaines, who was ably assisted by W. E. Murray, Mrs. Mae Crum, Ray Chapman and Lillian Bateman.

The sporting editor was Charles Roach and from the items chronicled in his department, it is easy to see that the Literberry community has more than its share of fun loving folks.

Ona Crum wrote a concise and convincing market report.

Miss Evaline Petefish ably acquitted herself as society editor with very comical description of the late society events of the neighborhood. Mrs. Harry Martin and Mrs. Grant Gaines collected the personals. Mrs. E. L. Clark had the management of

met Thursday afternoon in their regular monthly gathering with Mrs. Grover Vasey. A paper on "Our Presidents" was read by the hostess, after which all took part in a discussion of the subject. During the afternoon light refreshments were served. On account of the inclement weather, there was not a full attendance of members. Mrs. John Gibbs was present from Jacksonville. The next meeting will be held with Miss Carrie Griggs.

Northminster Aid Society Musicals.

Members of the Ladies' Aid society of Northminster Presbyterian church gave a musical and social at the church Thursday evening which, despite unfavorable weather conditions, was well attended. Light refreshments were served during the social hour. The numbers were: Reading—Miss Helen DeSilva. Piano solo—Miss Pauline Haukins. Reading—Miss Laura Baptist. String Duo—George and Walter Corcoran.

Vocal solo—Miss Esther Spoonits. Piano solo—Miss Joyce Estaque. Piano duo—Miss Esther Spoonits and Mrs. Lillie Sardinha. Vocal solo—William E. Day. Reading—Miss Vivian Vieira.

Mrs. Thomas Heaton's Circle Entertained.

Mrs. Thomas Heaton's circle of the State Street church was entertained Thursday afternoon at the home of Mrs. Howard D. French. There was a good attendance and the members spent the afternoon in marking towels for the Passavant hospital. A social hour followed the work and light refreshments were served.

Temple Encampment Confers Degrees.

Temple Encampment No. 19, conferred the Royal Purple degree last night on Louis Recker and Albert Denbow. The resignation of Wesley T. Smith as recording scribe was accepted and Albert Phillips was chosen in his place. Mr. Smith expects to move shortly to Springfield where he will be employed by the Wabash railroad.

Arrangements were talked over relative to the district meeting to be held here April 15th. The Temple is also planning for an entertainment April 1.

Entertains Singing Club.

Miss Louis D. Miller entertained the members of the Singing club at the Woman's college Thursday evening in the "Belles Lettres" literary hall. During the evening a suitable collation was served and the remainder of the time spent socially.

the fashion columns in which she described the latest style of dress in a very able and pleasing manner.

Mrs. Earl Underbrink had charge of the advertising department and the manner in which she handled it was humorous and bright.

An event that was greatly enjoyed, and without which the Literberry Times would not have been a success was the poetical columns in charge of Miss Annabell Crum.

After the Times went to press and the breezy sheet had been read the audience was invited down stairs to the dining room of the church where a most appetizing luncheon was served by the ladies of the Literberry Christian church.

The church was decorated suitably for the occasion of St. Patrick's day, and those in charge of this entertainment proved their ability along the social lines of the community.

IN CIVIC LEAGUE WORK.

Mrs. J. H. Danskin returned Thursday from a trip to Bloomington, Dixon, Ottawa and Joliet where she has been to assist in civic league organization work. In Ottawa a local option campaign is on and Mrs. Danskin addressed several mass meetings of women. One of these was held in the Gayety theatre and was very largely attended. An Ottawa paper which has "wet" proclivities in an editorial comment on the meeting said:

"In marked contrast to the meeting held at the same place a week ago was the 'dry' meeting held Sunday afternoon at the Gayety theatre, when Mrs. Lillian I. Danskin addressed the people of Ottawa, giving the result of a 'dry' Jacksonville, as she saw it. The speaker and all connected in any way with the meeting refrained from anything approaching misdeeds or abuse, and every auditor left the theatre with at least a clean taste in his mouth.

"Such a meeting and address will go further toward getting the 'drys' somewhere than all the mudslinging and alleged funny sarcasm (which takes form of childish twaddle) that can be pulled off between now and April 20. There is an element of decency and sincerity about such a gathering which commands respect, whatever the personal opinions of the hearers may be."

In Joliet, Mrs. Danskin says through the influence of the women voters out of 113 candidates for commissioner six high class men were chosen and one excellent candidate for mayor. Mrs. Danskin was the guest of Prof. and Mrs. Sloops while in Joliet and friends of the family will be interested in knowing that their son Marshall recently underwent an operation for the removal of tonsils and adenoids and is improving in a gratifying way. Dr. C. M. Brown has just concluded a very successful revival in his church.

WOMAN HOLDS UP CLERK FOR MORPHINE

Mrs. Jack Overton walked into J. O. Vick's drug store at Herrin this morning, waited until every one save the clerk, Clyde Cox, went out, then demanded a bottle of morphine, covering the clerk with a revolver.

He quickly served her with a bottle of the drug. With the gun drawn on him she backed out of the store. Later she was arrested. She will be sent to an institution and given the drug cure.

HOPPERS'

FARMERS TO HAVE MUCH ATTENTION AT CHAUTAUQUA

Special Talks and Conference May be Held Daily—Well Known Lecturers Coming.

While the plans are not yet fully outlined, it is the desire this year during the chautauqua to have a program which will be of special interest to farmers. Directors of the chautauqua and members of the department of rural affairs of the Chamber of Commerce, as well as officers of the Farmers' club, have been in conference a number of times lately. It is a settled fact that Bob Seeds and a number of other well known lecturers who use agricultural themes will make general addresses from the platform, but the plan now being considered is to have a daily institute or school for farmers.

If this plan is worked out there will be a short program once a day, or possibly one in the morning and one in the afternoon, in a tent separated from the main auditorium.

The several committees believe the effort would be worth while if a daily audience of 25 to 50 farmers could be secured. The idea would be to have speakers discuss various phases of farming, especially as applied to local conditions, and afterwards to use the round table method of discussion. As already stated, the plans are not fully matured, but undoubtedly there would be a good deal of "farm talk" at the chautauqua this year, and the special programs arranged will be of sufficient importance and interest to draw the attention of farmers beyond the limits of Morgan county.

MORTUARY

Bohner.

Mrs. and Mrs. B. C. Andrews have returned from Virginia where they went to attend the funeral of Mrs. George Bohner. Mrs. Bohner, who was 23 years of age, was a daughter of Mr. and Mrs. John Rumble formerly of this county and was known to many people here. She had been living with her husband in Springfield for a number of years, but on account of failing health recently went to the home of her parents in Virginia, where her death occurred. The funeral was held at the Rumble home.

Sullivan.

Mrs. Amanda Sullivan died at her home, 623 East Henry street, at 12:30 o'clock noon Thursday. Mrs. Sullivan, had she lived until the 15th day of next August, would have been 83 years of age. She was married three times and was the mother of sixteen children. Her maiden name was Amanda Talkington, and she was born in Lexington, Ky. When a child 9 years old she came to Illinois with her parents, and has been a resident of Macoupin, Green and Morgan counties a greater part of the time since. When a young woman she became a member of the Baptist church at Kemper, Ill., and has continued that church connection ever since.

Mrs. Sullivan was first married to James Carpenter, and one child was born to them, Mrs. Emma Wilson of Virden. Her second marriage was to Joseph Harris, and their two living children are Mrs. Laura Smith of Jacksonville, and Mrs. Julia Ingalls, now living in Canada. She was later married to Adam Sullivan, and of their nine children the following survive: Francis, living in South Dakota; Mrs. Lucinda Murphy of Springfield; Mrs. Ella Beavers, South Dakota; Albert and Alonzo of Carrollton; Edward of Roodhouse.

The deceased also leaves one brother, Joseph Talkington, of Mavery and one sister, Charlotte Dumphy of Morrisonville. There will probably be no funeral service here as the remains will be taken to Carrollton for interment.

TAKES RESIDENCE HERE.

Miss Janet Reid of Murrayville has decided for the present to make her home in the city and has taken rooms on South Main street. Miss Reid is a sister of Dr. D. W. Reid and J. H. Reid.

BROOKLYN PASTOR HEARD IN TALK ON CAUSE AND RESULTS OF SIN

Gospel Plan is Same to All, Says Rev. W. W. Theobald in Revival Sermon Last Evening—"Wages of Sin" Subject Tonight.

The causes and effects of sin and the plan of salvation which applies to all without distinction was the theme of the Rev. W. W. Theobald in a strong revival sermon Thursday night at Brooklyn M. E. church. Dr. F. A. McCarty led the audience in prayer and Mr. Lorton sang "I would not Live Always." "The Wages of Sin" will be the pastor's text tonight. Speaking from Roman's 3-22, the pastor said in part:

"The gospel plan of salvation is the same to all classes and conditions of people, for all have sinned. Some people think others have sinned but will not admit that they themselves are guilty. Some deny the reality of sin, but fail to offer explanation for the awful effects of sin. There is no difference in the need of salvation 'for all have sinned.' There may be a difference in the degree of sin, but it is the fact of sin rather than its degree that constitutes our need.

"Sin may be defined as the wrong attitude of the mind toward a known duty. It may either be doing evil or failing to do good. There is a positive defect. 'We come short' of God's ideal for us. Sin has left its mark upon body, mind and spirit.

"Degeneracy, which causes much crime, is the effect of sin. It may be the victim's misfortune rather than his guilt but he needs Christ to help him overcome the defect and to give him a chance to make good. There is no difference in the love of God for men. He loves the unfortunate victim of sin. He does not love him because of his condition but in spite of his condition, and makes it possible for him to be saved just the same as any other man."

BURGLAR WAS SHOT BY STATION AGENT

HAD ENTERED DEPOT PREPARATORY TO STEALING.

Ralph Wahn Inflicts Severe Bullet Wound in Head of Thomas King—Thief Tries to Hold Door Shut to Escape Detection—Brought to County Jail.

A burglar, giving his name and address as Thomas King, Centralia, Illinois, was shot in the head last night at 11:30 in the Chicago and Alton station at Sinclair, by the agent, Ralph Wahn. The man was brought to the county jail under the direction of Sheriff Graff, where his wounds were dressed.

The station and residence of the agent at Sinclair is one building. Mr. Wahn was awakened by some one in the office. He arose and dressed and cautiously went to the door leading to the office, carrying his 32 Colts revolver. As he started to open the door he found that the burglar was holding it.

He immediately shot through the panel of the door, which frightened the burglar, who started to make his get away, through the window he had raised in effecting an entrance. Wahn fired a second shot which took effect in the man's head. He dropped in his tracks in a semi-conscious condition.

Mr. Wahn summoned the neighbors and Sheriff Grant Graff was notified of the shooting. When it was learned that the man was able to be brought to the county jail the sheriff so ordered. The party arrived in William Hopper's automobile shortly after 2 o'clock this (Friday) morning. Deputy Gus O'Neal and Mr. Wahn also came along.

Dr. Weirich, county physician, was called and made examination of the wound. The bullet had gone through the right cheek and mouth and the man had suffered the loss of considerable blood.

When questioned about the affair, he had but little to say. He gave his name and former home and said that he was just tramping through the country. He gave his age as 32 years and is about 5 feet, 6 inches tall. He told Mr. Wahn that he found the Sinclair station "not such an easy proposition as other places." The man will be kept at the county jail unless his wounds prove more serious.

Mr. Wahn gave himself up to the sheriff and he was put in the hands of Deputy O'Neal. They returned to Sinclair this morning.

MATRIMONIAL

Gibbs-Dodsworth.

The marriage of William Gibbs and Miss Callie Dodsworth of the Lynnville neighborhood, took place Thursday afternoon at 5 o'clock in this city at the home of Rev. Ray Bracewell. The ceremony was witnessed by the bride's brother, Thos. Dodsworth and the groom's father and sister, William Gibbs and Miss Carrie Gibbs.

The bride is the daughter of Mr. and Mrs. John Dodsworth of Lynnville and is most favorably known in that place. She is a member of the Lynnville M. E. church and is interested in every department of church work. The groom is a son of Charles Gibbs who resides on the Mound. He is accounted one of the substantial farmers of Scott county and he and his bride will live two miles west of Lynnville.

Mangold-Ray.

The marriage of Miss Lillian Ray, daughter of Mrs. Lida Ray of Virginia and Mr. Ralph Reynold Mangold of Mason City, was solemnized Thursday afternoon at 4 o'clock at the home of the bride's sister, Mrs. J. W. Luter, 1326 West State street.

The ceremony was performed by Rev. C. E. French, pastor of the Christian church of Virginia, with relatives and a few intimate friends present. The bride and groom stood before a bank of palms and ferns and Miss Letha Crews of Virginia, at the piano played softly during the impressive service. Mrs. Mangold wore a handsome gown of embroidered organdie and carried a large bouquet of bride's roses.

The parlor and other rooms at the disposal of the guests were decorated handsomely in pink and green tones, carnations and smilax with other flowers and foliage being used effectively. Following the ceremony the guests enjoyed an elaborate wedding supper.

The bride has spent most of her life in Cass county and for a number of years has been a successful school teacher. She has been an active worker in the Virginia Christian church and is a young woman of splendid qualities and spirit. Mr. Mangold is a young farmer who is very highly esteemed in the community where he resides. He owns an extensive farm near Mason City and he and his bride will be at home there within a few weeks time.

Among these here for the wedding were Mr. and Mrs. John Ray of Petersburg; Edgar Ray of Orion; Miss Letha Crews, Virginia; Mr. and Mrs. Howard Pattillo, Philadelphia.
